

Position : UI/UX Designer
Location : Menara Hap Seng 2 or Client Office
Salary : Depends on experiences

Company Background

FPT is the largest ICT company in the private sector in Vietnam with more than 30,000 employees and 48 offices in 26 countries and territories abroad. FPT's position has been recognized worldwide and confirmed by a customer list comprising more than 600 large corporations in the world.

What are we looking for?

FPT Design is made up of over 50 highly skilled designers, working on projects that have true impact and purpose in the world around us. We're looking for great UX / UI Designers to play an important role in shaping the products of our international clients.

As a UX / UI Designer you'll have well balanced skills and knowledge across UX and UI to work through and create attractive and highly usable products that speak to business and user needs. You're a designer that has a thirst for learning, actively applies their knowledge and embraces collaborative working to solve design challenges.

Duties and Responsibilities

- Creates fantastic UI designs and fully interactive prototypes
- Understands and applies User Centered Design principles
- Well developed knowledge and hands-on use of UX process and methods
- Able to conduct user research to gain insights and optimize designs
- Experience building and using design systems, style guides and pattern libraries
- Comfortable working closely with product owners, developers and customer stakeholders
- Strong focus on attention to detail, consistency and quality of deliverables
- Efficient time management and handling of multiple projects
- Constantly learning, developing and applying their skills
- Approachable, positive, collaborative, energetic and loves designing things

Qualifications and Requirements:

- 3+ years of UX and UI experience
- Portfolio that clearly demonstrates use of UX process and high quality UI designs
- Experience across mobile web, mobile app, desktop and responsive design
- Highly skilled in popular tools such as Sketch, Figma and Adobe XD
- Good verbal and written English
